STEPS 2010

Dear Colleagues,

This year again, it is a pleasure to invite you to the 2010 STEPS (Strategies & Trends in European Pediatric Surgery) Seminar under the auspices of EUPSA (European Pediatric Surgeons Association) to be held in Las Palmas de Gran Canaria, Canary Islands, Spain from the 6-8th October 2010.

The STEPS 2010 Seminar has been endorsed by the Spanish Society of Pediatric Surgery & the University of Las Palmas Gran Canaria and the support of its office bearers and members is appreciated.

This year the meeting will focus the topic of "Pediatric Airway and Pulmonary Surgery". Experts with experience in this field have been invited to lecture on the types of pathologies as well as surgical management concepts in contemporary practice.

The historical city of Las Palmas was founded on June 24, 1478, with the name "*Real de Las Palmas*" by Juan Rejón, head of the invading Castilian army, before engaging in war with the local Guanches. In 1492, Christopher Columbus anchored in the Port of Las Palmas on his first trip to the Americas. Las Palmas offers a relatively wide cultural variety of theater, cinema, opera, concerts, visual arts and dance performances along with excellent beaches to enjoy during your stay.

Dr. Raimundo Beltrà Picó and the local organizing team along with the staff of *Hospital Universitario Insular Materno Infantil de Las Palmas*, as well as the team of STEPS, welcome you to the Canary Islands for STEPS 2010.
